

Manaslu Circuit Trek-16 Days

Organized By: Manaslu Guides Nepal

Short Overview

The Manaslu Circuit Trek is one of Nepal's most rewarding journeys, combining stunning Himalayan scenery with rich cultural experiences. This trek surrounds the world's eighth-highest mountain, Mt. Manaslu (8,163m), and provides a less crowded alternative to the Annapurna Circuit and Everest base camp trek while still offering dramatic landscapes, remote villages, and high mountain passes. Walking through lush valleys, Buddhist monasteries, and traditional Tibetan-influenced communities, trekkers encounter both natural beauty and cultural richness. The highlight is crossing the Larke Pass (5,160m), an exciting challenge that rewards with panoramic views. In just 12 days, the Manaslu Circuit offers adventure, diversity, and unforgettable Himalayan memories.
